

## **Rhombus S: The light with the edge now even smaller!**

### **Kellermann offers the highly successful Rhombus now in an extra compact version**

The Kellermann GmbH (www.kellermann-online.com), experts for premium motorcycle accessories from Aachen in Germany, now presents with the Rhombus S a super compact version of the highly successful and edgy micro Rhombus.

The super compact Rhombus S is now available as a 3in1 option 'Rhombus S DF Dark' – indicator, rear and break light – and as 'Rhombus S Dark' – indicator only – both with tinted glass.

Furthermore the Rhombus S Extreme – indicator – is available with clear glass. This version can also be installed on all vehicles (ECE-R6 approved).

The Rhombus family with its edgy design is already one of the most successful products by Kellermann. The remarkable design is liked by riders of sport, tour and many other bikes.

The trend to even more compact motorcycle lights now results in an extension of the Rhombus family. The new Rhombus S is half the size (35x11,5x11,5 mm/12 g) of its big brother (79x23x21 mm/52g) and can be installed even more 'clean' on a bike. And since Kellermann is the absolute master in high quality compact lights for bikes, this 'Kellermann' also impresses with illumination power and brilliance.

The complete electronics of the Rhombus S are in the casing, this indicator can be plugged into the 12 volt net directly.

#### **Rhombus S: The edgy one from Kellermann now even smaller!**
